"Where chamomile grows, peace is not far behind." – Vovó

DRAW A CHAMOMILE PLANT. LABEL THE PETALS, CENTER, AND LEAVES.

Count the petals you drew:

Chamomile seeds sprout in 7 to 14 days. They are so tiny that a PINCH is all you need.

THIS WEEK WITH CHAMOMILE

Chamomile is God's gentle gift – it calms our bodies, has helped people for 3,500 years, and grows from a tiny seed.

Say it together three times.

1. Look at your chamomile drawing above. Describe the flower in your own words.

2. What does chamomile help our bodies do?

3. Why did the Egyptians plant chamomile in their temple gardens?

4. Use the word NERVINE in a sentence about chamomile.

Gracie wondered why a cut heals. God designed our bodies to heal – and gave gentle helpers along the way.
