

AROUND THE TABLE

BODY

*What does your body do when
you're stressed?*

WEEK 02 • TULSI

BODY

1. Where in your body do you notice stress first — your shoulders, your tummy, or your jaw?

2. Tulsi is called an ADAPTOGEN — it helps your body adapt to stress without breaking. Name one stress your body adapts to every day.

*Nervous & Endocrine — tulsi steadies the
HPA axis.*

AROUND THE TABLE

FAITH

*Does God see us when our bodies
break?*

WEEK 02 • TULSI

FAITH

1. Manny asked: 'Why doesn't my body work?' What would YOU say to Manny?

2. God designed bodies AND bodies break in a fallen world. How can both be true at the same time?

*"Cease striving and know that I am God; I will be exalted among the nations." —
Psalm 46:10 (NASB)*

AROUND THE TABLE

FAMILY

*Who in your family makes things
slowly?*

WEEK 02 • TULSI

FAMILY

1. What do they make slowly? Why does slow matter?

2. Tulsi oxymel takes 8 weeks. What is something WORTH waiting that long for?

*Vovó learned the oxymel from her vovó.
Now you make it.*

Connected to: In the Garden God Made • Week 2.

AROUND THE TABLE

WONDER

What will your oxymel taste like?

WEEK 02 • TULSI

WONDER

1. A HYPOTHESIS is a guess made BEFORE an experiment. What's yours for the tulsi oxymel — color, smell, taste?
2. Ayurvedic healers in India have used tulsi for 5,000 years. What's something your family has done for many generations?

*Crush a tulsi leaf. What does it smell like?
Write the words in your journal.*
